

**New for
September
2018!!**

Love Of Learning

L.O.L. will be an exciting and unique program for students in fifth, sixth, seventh and eighth grades. The program will offer a variety of unique learning opportunities to enhance students' real-world knowledge and individual growth. Each trimester students will choose one field of study, from a compelling range of creative workshops.

The program will be held each Thursday during periods 7 and 8. Students may choose to continue the same field of study in subsequent trimesters, or try something completely new!!
